

**MHDO Board**  
**Health Data Regulatory/Rulemaking**

Reconstituted, Accountable for Public's Interest

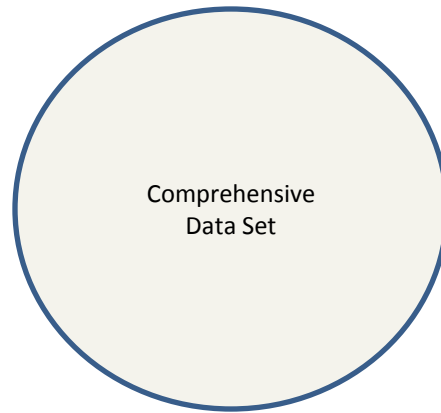

The sources of data submission should be expanded to include CDC and other sources.

The All-Payer Claims Database and the Statewide Health Information Exchange should be moved to be within the Comprehensive Data Set "Circle"

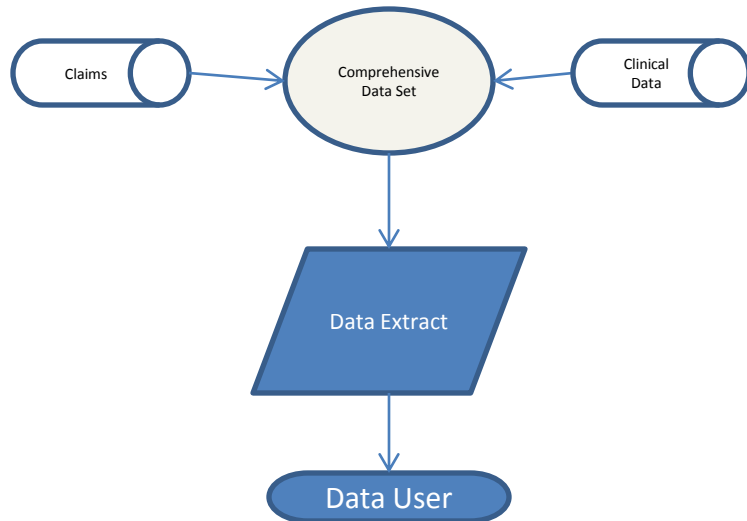

Add the word "Clinical" after each Type.

----- Governance

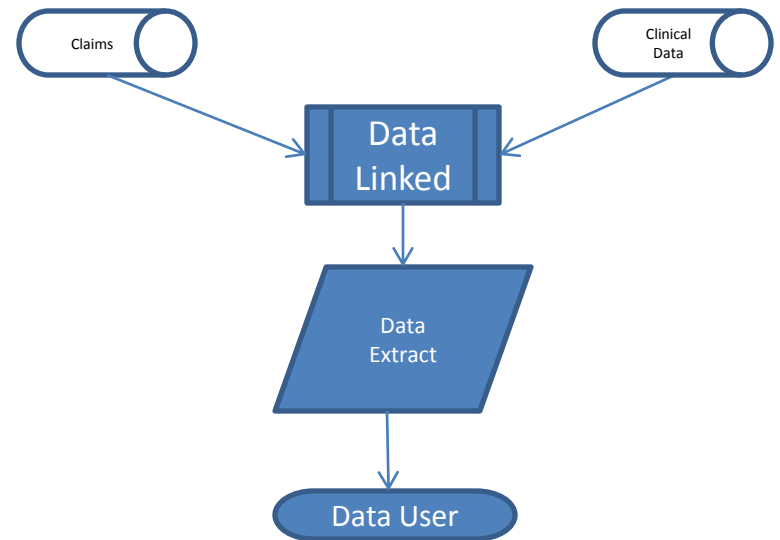

## "Integrated" Model

(Data is "integrated" in Common Data Base using PHI and "rests" in encrypted formats)

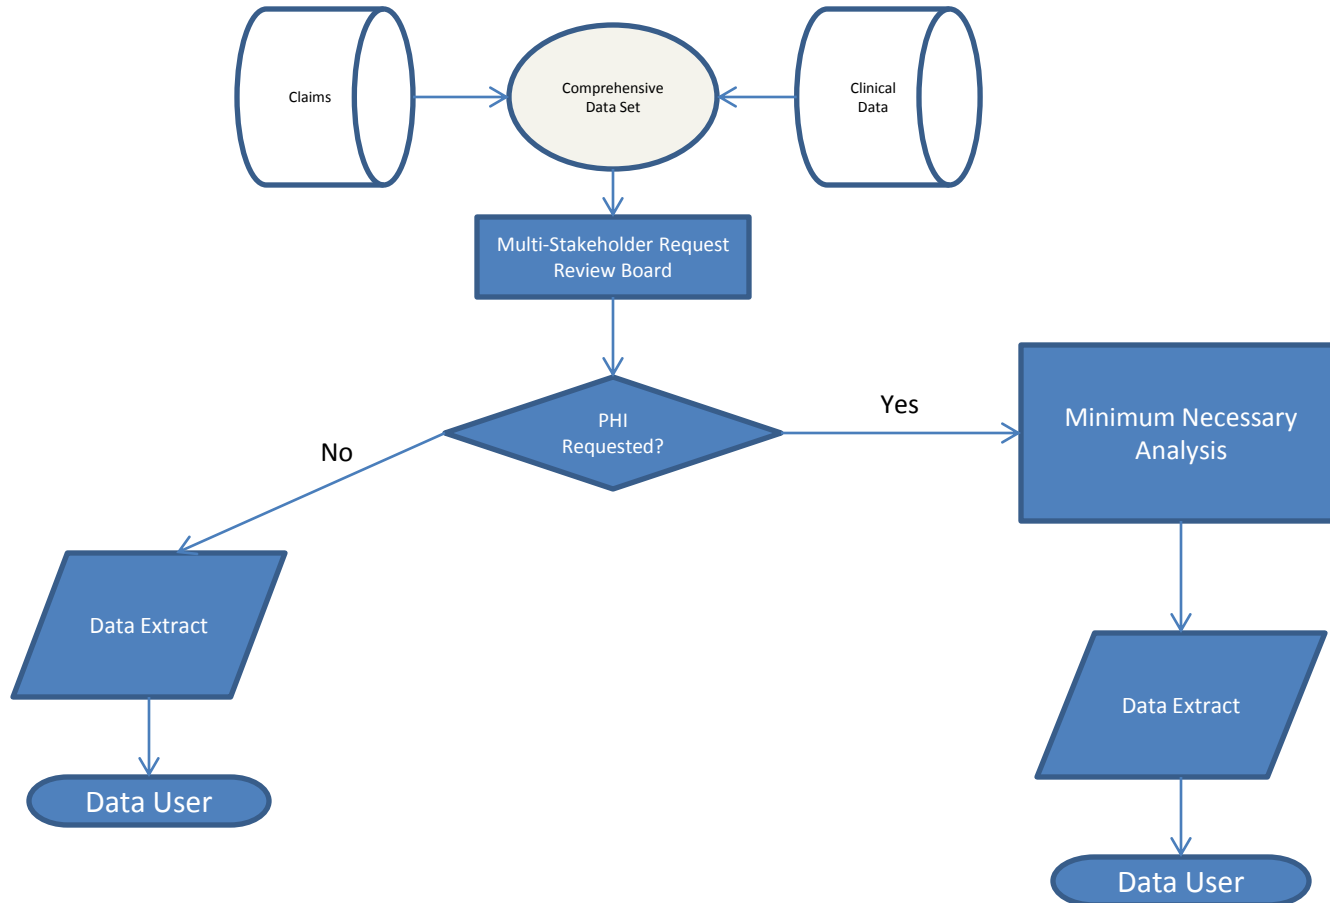

## "Merged" Model

(Data is "merged" using unique identifier from two sources and released in accordance with Release Rules)

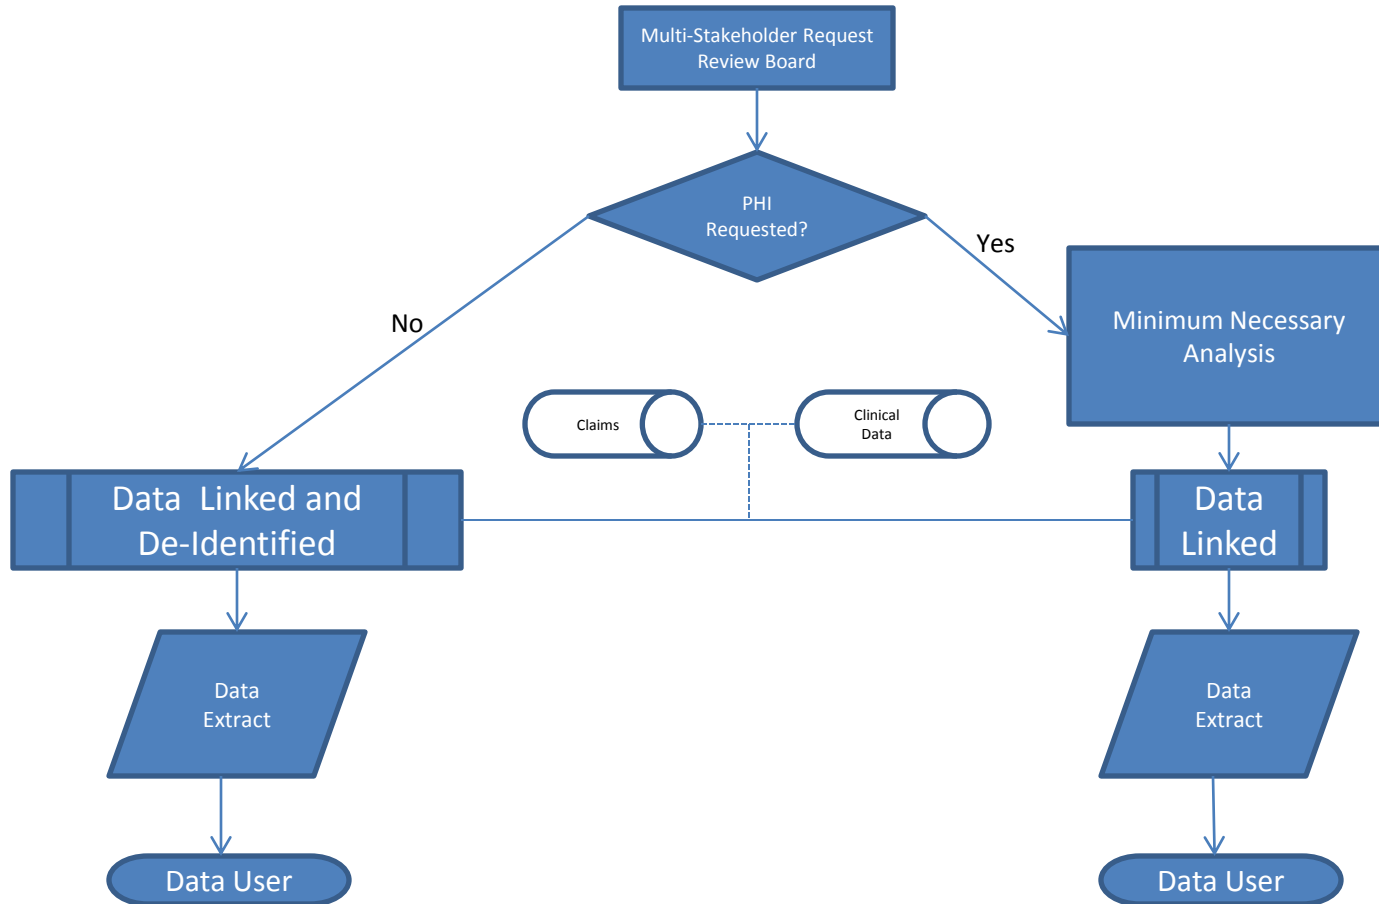

# “Integrated” Model

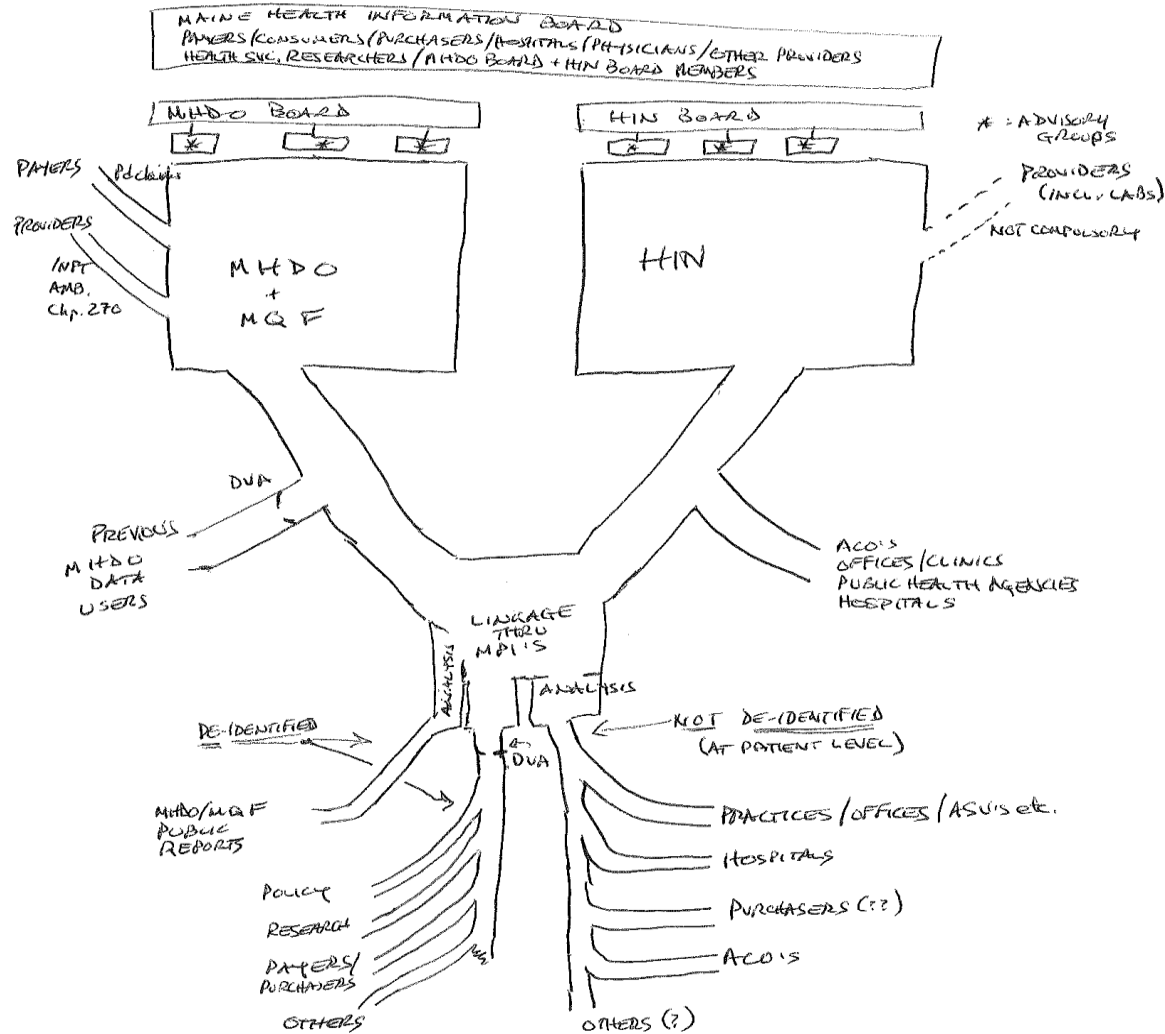

(Data is “integrated” in Common Data Base using PHI and “rests” in encrypted formats)

# “Merged” Model

(Data is “merged” using unique identifier from two sources and released in accordance with release rules)
